

RANKwyz Review - Manage Unlimited Social- & Blog Accounts

What is RANKwyz?

[RankWYZ](#) is an relative young automated blogging software which is capable of managing an unlimited amount of blog- or social-accounts.

All of your **social- and blog accounts** are organized in **networks**. Similar to how *files* are stored in *folders*.

With RANKwyz you can post to an entire network, which can have a numerous social- or blog accounts in it.

Depending on the plan you choose, you get integrated pingging, indexing, backlinking services, captcha solving and more.

Who is RANKwyz?

[RANKwyz](#) was founded by Pavel Kovalev in Ontario, Canada in March 2012. The web based service was designed for bloggers, and agencies with a large amount of blogs or backlinking strategies.

RANKwyz Alternatives?

- [FCS Networker](#) is a great alternative with very similar features. A big plus is that FCS Networker has a [lifetime license](#) available.

- [The Hoth](#) - Let SEO-experts take care of the whole process of building your backlink profile. Give them your keywords and urls. That's it. They'll write and distribute the content (with backlinks) for you.

Free Alternative

There is no free alternative, although you might want to check out my tutorial: [How-To Create Unlimited Backlinks on Autopilot via IFTTT](#). RANKwyz currently offers a [30-day trial](#) which is more than worth a try. (No credit card required.)

If you found a free alternative please write in the comment section below.

[review]
