The free version

The SpinnerChief's Free Version comes with lots of features and has everything you need to dive deeper into the world of spinning.

You might not get access to the *Cloud Thesaurus* and its millions of synonyms created by real users. But you can still save the synonyms you created locally and also import synonyms from text files (supported are multiple formats).

SpinnerChief 3 Free Version

More Free-Features:

- **Save/import synonyms locally** - Create your own Thesaurus. Save and import them.
- **Batch spin articles** - Meaning if you have a lot of articles prepared you can spin them all automatically.

- **Categories and niches** - Managing favorite synonyms is easy when you can put them in categories and niches.
- **Quick Preview** - The quick preview let's you know how your spun content looks.
- **Protecting keywords** - An important feature to let the software know, which keywords not to change.
- **Uniqueness indicator** - The uniqueness indicator showing you a percentage of how unique the articles are.
- **Similarity check** - You can also compare multiple articles to each other to see there similarity.
- **Free updates** - Seems like SpinnerChief's Free Version is here to stay.

All these features are included in the free version! Pretty cool. But if that's not enough for you and you would like to unlock the full potential of the SpinnerChief keep on reading about the Elite and Ultimate edition...

SpinnerChief's Free Spinner

[The SpinnerChief free version](#) covers everything you need for basic spinning and produces unique content very fast.

If you are new to spinning or if you're only spinning basic content from time to time, this might be the right spinner for you.

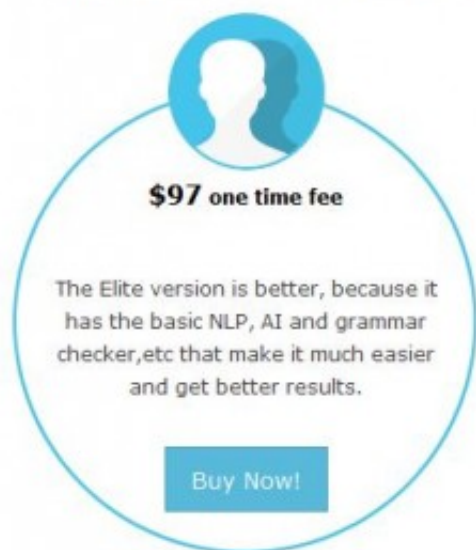

So the free version of the SpinnerChief is not only a good spinner for beginners but also for those who only need a manual spinning tool occasionally.
